

on Page 5 at line 16, after "to the main member 30." insert -- Similarly, by use of four bolts 38 and four slide nuts 34, the bottom rim portion 26 of the cup emblem 16 is clamped down to the frame 12 by way of four outward facing clamps 37 concealed within the cup emblem 26. Tension springs or shock cords may also be used to secure the rim 26 to the frame or tub base. --

At Page 6 insert a new penultimate paragraph, as follows:

"Referring to Figure 6, a lightweight shallow tub 74 has a central, upwardly projecting mast or pole receptacle 76. The tub 74 may be filled with locally available ballast material and the lower end portion of a display mast or pole engaged with the receptacle 76, to support a display emblem therefrom. The ballast material may serve to stabilize and brace the mast receptacle 76"

IN THE CLAIMS

Cancel Claims 2-5, 11 and 16, amend claims 1, 7, 10, 13, 15 as follows: and insert new claims 17-19. Pages of claims, both Marked-Up and Clear are transmitted herewith.

REMARKS

Applicant hereby elects the embodiments defined in the claims 1, 6-10 and 12-15 and illustrated in Figures 1-3.

Claims 1, 6-10, 12-15 and 17-19 are present in the case.

While claims 2-5, 11 and 16 have been withdrawn from examination, the rights of the Applicant to their subject matter are not thereby relinquished or compromised.

The Drawings have been amended in order to incorporate the elements of Figures 1 and 2 by way of inclusion brackets. A new figure, Figure 6 illustrates the lightweight container 74, the subject matter of Claim 14.
